

Quick assembly guide

3D printed parts:

- Keyer4_cover_v1
- Keyer4_base_v1
- Keyer4_pads_v1
- Keyer4_microwitch_cover_v1

Additional parts:

- 2x D2F microswitches
- 2x M3 bolts for paddle travel adjustment
- 1x M3 bolt with conic head for fixing of microswitch cover
- 3.5mm audiojack receptacle, 13mm body
- wires for soldering the microswitch with receptacle pins

3.5mm audiojack receptacle goes on keyer-base from rear side.
Use receptacle which has body length around 13mm.

Happy field activities with your ultralight keyer / Jan, OM2JU
